Subject: Update on goods from Glasgow

Dear Brian,

It is my prayer that you are in very good health. I hereby write with much pleasure to inform you about the delivery of the goods from Glasgow. We received 126 boxes of medical supplies and other goods altogether.

On behalf of Utale Leprosy Village and Utale Health Centre allow me to register our heartfelt gratitude and appreciation for your kind gesture. As I always say, we do not take your gesture for granted. The goods that you continue sending to us have greatly changed our life in Utale for the better. You are always in prayers as you carry out your noble work.

My best regards.

Fr. Francis
